MR. HARRISON also held proxies from 59 other subscribers, but these being unstamped were not admitted.

THE HON'BLE SIR C. P. HOBHOUSE, BART., *in the Chair.*

READ the following report submitted by the Managers:—

"The Managers submit their proceedings for the past half-year for the consideration and sanction of the meeting.

"Subject to the approval of subscribers they have admitted to the benefits of the Fund under the new rules the following families:—

Mr. Roberts	... £300	"The widow and five children of the late Mr. William Roberts, who died
Five children	... £480	in France on the 27th January last.
	£780	
Mrs. Cartwright	... £300	"The widow of the late Mr. C. R. Cartwright, (an annuitant of 1850) who died in England on the 13th of February last.

"The Managers received in March last the report of the Actuary (Mr. Brown), on the valuations of the assets and liabilities of the Fund for the quinquennial year 1867-68. Printed copies of this report have been circulated among the subscribers. The Actuary while generally confirming the Managers' estimate of the improved position of the Fund is of opinion that the increased benefits suggested to the meeting of January 1869 are too costly to be at present brought into operation. The question indeed of there being a surplus available for any extension of benefits depends, as Mr. Brown shows, upon the excess funds under the ordinary branch of the Fund being convertible to meet deficiencies in the Additional branch. The Managers have no doubt that they are so available; but they are fully impressed with the necessity for extreme caution in dealing with a Fund constituted as the Civil Fund is, and they concur with the Actuary in recommending that for the present the extension of benefits be confined to the proposals embodied in the amendments of Articles V., VIII., and XXX. of the rules which have been duly advertised as follows:—

"The Managers will propose an amendment in Articles V. and VIII. of the rules with a view to allow annuitants and retired subscribers to compound for future subscriptions at half values, it being optional to a retired subscriber in lieu of compounding to continue to pay subscriptions at half rates."

"The Managers will also propose the following addition to Article XXX. of the rules:—"

"Provided also that the Managers of the Fund may continue the whole or any part of his pension to any son of a deceased subscriber who, on his attaining the age of 21 years, and may be proved to their satisfaction to be wholly incapacitated from gaining his livelihood, such incapacity being produced by causes beyond his control, and being duly certified from time to time in such way as to the Managers may seem sufficient."

"The Managers will likewise ask the sanction of the general meeting to their refunding to all annuitants and retired subscribers who have already compounded one-half of the amount which they would have to pay if they compounded now for their existing liabilities."

"A minute upon the Actuary's report has been forwarded by Mr. Monteath, in which, after correcting certain errors, clerical and other, in Mr. Brown's paper, and discussing the mode of adjusting assets and liabilities, he impresses on the Managers the necessity of proceeding with great caution in any extension of benefits, and suggests that before dealing with any surplus five per cent. should be added to our liabilities by way of margin. He then, in lieu of the proposal that the subscription of retired members should be reduced to half rates for existing liabilities, suggests that the additional

subscription of annuitants should be reduced by nine-tenths; the ordinary subscription on which the Fund draws 8 per cent. interest remaining the same.

"The Managers after carefully considering Mr. Monteath's proposals are not prepared to support them. They are of opinion that when every possible liability incumbent, contingent, and future contingent has been taken at full value, to add any such margin as 5 per cent., or indeed any margin at all to the estimate, is unnecessary. Apart from this, however, they have valued the assets and liabilities of the Fund as they stood at the close of 1869-70, and the result is such as they think fully warrants their adhering to the proposals already advertised. Mr. Monteath's suggestion to lessen additional and not ordinary subscription they must certainly reject. The class which in their opinion has most claim to relief is that of bachelor annuitants who have paid throughout their service for benefits that have been always to them merely contingent in the future. This class Mr. Monteath would shut out from all share in the surplus which they have helped to make.

"The Managers have received a memorial from Mrs. Boldero, an incumbent under the new rules, praying that the pensions of herself and others of her class may be increased by £100 in consideration of the improved condition of the Fund. There is certainly no ground whatever for complying with such a prayer. Mr. Boldero retired from the service in 1852 and died in 1858, and although the individual payments of Mr. Boldero to the Fund may have been considerable, there is no doubt that it was owing to the inadequate payments of the subscribers generally before 1850 that the present generation has been paying for twenty years the existing high rates of subscription which have brought about the improved state of things we now see. Certainly the amount of Mrs. Boldero's husband's subscriptions is no ground for increasing the pensions of other incumbents. Nor is it possible to make an exception in favor of Mrs. Boldero herself. That lady, however, insists on laying her claim before the Service."

1. Moved by Mr. Peacock and seconded by Mr. Verner: "That the proceedings of the Managers in admitting to Fund benefits the families of the late Messrs. Roberts and Cartwright be confirmed."

Carried.

2. Moved by Mr. Schalch and seconded by Mr. Peacock: "That the Managers' proposal to allow annuitants and retired subscribers to compound for future subscriptions at half rates, or to continue to pay subscriptions at half rates, be approved; and that Articles V (4) and VIII of the rules be amended accordingly; that is to say, that to Article V (4) be added the words—

"The subscriptions of annuitants or retired subscribers shall be regulated in the manner provided in Article VIII below," and that Article VIII be altered and stand as follows:—

First.—Subscribers, who may hereafter retire from the service on annuities, wishing to secure to their widows and children the full benefits of the Fund, must, on retirement, make up the amount of their subscriptions with interest to Rs. 25,000, and must also continue their contributions on their annuities at half the rates levied from subscribers in the service on their allowances, and under the same conditions in regard to minimum payments and liability to increase or decrease of rates; an option being allowed to each subscriber of paying up once for all, either at the time of resigning the service, or at any subsequent period, the half value of his contributions according to the tables of mortality, which, on the advice of an Actuary, may be adopted by the Managers. This commutation will be calculated at 5 per cent. in the following manner, the total being reduced thereafter by one-half: Ordinary subscriptions on the life of the subscriber alone, additional subscriptions on the joint lives of husband and wife, and extra contributions for children on the joint lives of father and child. But such settlement will be open to re-adjustment, if the necessities of the Fund should be found to require an enhanced rate of subscription, and every retired subscriber will also be liable to pay in the same manner for each child afterwards born, and, in case of subsequent marriage, the additional premium as a married subscriber.

Second.—But subscribers hereafter so retiring from the service may, at their option, by making up the amount of their subscriptions with interest either to Rs. 12,500, or to Rs. 6,250, and by continuing, or compounding for, their contributions on their annuities at half the rates levied from subscribers in the service on their allowances, secure to their families, on the same conditions as above, in the former case one-half, and in the latter one-quarter of the amount of pensions and other allowances granted to the family of a subscriber dying in the service, or of an annuitant who has made up on retirement the full amount of Rs. 25,000.

Carried.

3. Mr. E. F. Harrison moved and Mr. Sandeman seconded the following resolution: That to Article VIII as amended by the foregoing resolution be added these words: "Provided that in the case of a subscriber marrying after retirement his contributions or commutation payment in lieu thereof shall, for his wife and for his children, the issue of such marriage, be taken at full rates." Some discussion ensued, and on the question being put there appeared 28 votes, including proxies for the resolution and one against—one member present (Mr. Broadley) abstaining from voting. The resolution was therefore carried.

4. Moved by Mr. Sandeman and seconded by Mr. Broadley: "That the Managers' proposal to refund to all annuitants and retired subscribers who have already compounded one-half of the amount they would have to pay if they compounded now for their existing liabilities be sanctioned."

Carried.

5. After discussion it was agreed that the foregoing emendations of the rules should take effect from the date of the confirmation thereof by the service.

6. Moved by the Hon'ble Mr. Eden and seconded by Mr. Verner: That to Article XXX. of the rules be added the words: "Provided also that the Managers may continue the whole or any part of his pension to any son of a deceased subscriber, who, at any time subsequent to the 31st March 1868, may have attained or may attain to the age of 21 years, and who may be proved to their satisfaction to be wholly incapacitated from gaining his livelihood, such incapacity being produced by causes beyond his control, and being duly certified from time to time in such way as to the Managers may seem sufficient."

Carried.

7. In reply to a question put it was stated and agreed that the Managers' proceedings in such cases, as in all Fund matters, would be subject to confirmation by a General Meeting.

8. Moved by Mr. Schalch and seconded by Mr. Peacock: "That Mrs. Boldero be informed that the subscribers are unable to comply with the prayer of her memorial."

A vote of thanks was passed to the chairman.

Act XIII of 1862 ...	An Act to provide for a new silver and a new copper coinage.

STATEMENT OF OBJECTS AND REASONS.

The primary object of this Bill is to make provision for defacing light-weight, counterfeit and called-in coin. This it proposes to do by three sections (13, 14 and 15), modelled on the Statutes 24 & 25 Vic., c. 95, s. 26, and 33 Vic., c. 10, s. 7.

The opportunity has been taken of consolidating the three Bengal Regulations (II of 1812, XIV of 1818, and V of 1819) and the two Acts (XVII of 1835 and XIII of 1862), in which the law relating to the Mint and the coinage of British India is now contained. The notification of 28th October 1868, as to receiving sovereigns and other gold pieces in payment of sums due to Government, has also been embodied in the Bill. The provisions as to the relative value of the old silver coins and as to contracts for payment of Calcutta sicca rupees, which are found in Act XVII of 1835, have been omitted as obsolete.

The following Orders issued by the Government of India, in the Financial Department, are republished for general information :—

LEAVE AND ALLOWANCES.

Simla, the 29th July 1870.

No. 2317.—There being an unnecessary diversity in the rules in the three Presidencies for the grant of travelling allowance to Uncovenanted Servants attending examinations, the Governor General in Council is pleased to decide, in supersession of existing rules on the subject, that an Uncovenanted Servant, obliged to leave his station to attend an examination, shall, on not more than two occasions of his proceeding to pass for each standard, receive travelling allowance at the ordinary mileage rates, whether eight annas or four annas by road, and three annas or one and a half anna by rail, which may be admissible to him for rapid journeys on the duties of his appointment.

2. Officers in receipt of a fixed travelling allowance may draw the mileage at four annas by road, and one and a half anna by rail (or of eight annas by road and three annas by rail if they be graded with Covenanted officers) on their surrendering their fixed allowances for the period of their absence from their stations; but if they fail to pass on the second occasion of going up for the same standard, they will forfeit all travelling allowances for the period of their absence.

No. 2399.—The order of this Department No. 489, dated the 19th May 1870, regarding the grant to acting officers of the full salaries of the appointments in which they are acting, is cancelled.

PENSIONS AND GRATUITIES.

The 28th July 1870.

No. 2097.—Read again Financial Resolution No. 36, dated 14th August 1857.

RESOLUTION.—Provision was made in this Resolution for granting assistance to the families of public officers killed in the execution of duty.

2. The Governor General in Council deems it expedient to explain that a gratuity is admissible to the family of a public servant only when his death arises, immediately, *from the execution of some duty involving extraordinary bodily risk*, such as opposing, or endeavouring to arrest, a dangerous criminal. The *accidental* death of a public officer, even while he is on duty, gives no claim for a gratuity to his family. On this principle, the Government of India has, more than once, refused gratuities to the families of officers killed through falling from their horses while riding on duty.

3. Doubtful cases should be referred to the Government of India for orders, as for instance, when a police officer escorting a prisoner during a season of great heat dies of sun-stroke, or again, a lascar is killed by the snapping of a hawser.

ORDER.—Ordered, that the foregoing Resolution be published in the *Gazette of India*.

The following Order issued by the Government of India, in the Military Department, is republished for general information :—

STATEMENT OF OBJECTS AND REASONS.

The primary object of this Bill is to make provision for defacing light-weight, counterfeit and called-in coin. This it proposes to do by three sections (13, 14 and 15), modelled on the Statutes 24 & 25 Vic., c. 95, s. 26, and 33 Vic., c. 10, s. 7.

The opportunity has been taken of consolidating the three Bengal Regulations (II of 1812, XIV of 1818, and V of 1819) and the two Acts (XVII of 1835 and XIII of 1862), in which the law relating to the Mint and the coinage of British India is now contained. The notification of 28th October 1868, as to receiving sovereigns and other gold pieces in payment of sums due to Government, has also been embodied in the Bill. The provisions as to the relative value of the old silver coins and as to contracts for payment of Calcutta sicca rupees, which are found in Act XVII of 1835, have been omitted as obsolete.

STATEMENT OF OBJECTS AND REASONS.

IT is an essential part of the scheme for effecting a complete consolidation of the existing enactments that all inoperative provisions and unnecessary matter therein contained should first be expunged.

This has already been accomplished as regards the Acts of the Governor General in Council, extending from the year 1834 up to the present time, by Acts VIII. of 1868 and XIV. of 1870.

The sifting process has likewise been applied more or less effectively by the local Legislatures to the Regulations of the Madras and Bombay Codes, and they have now been reduced to very moderate proportions.

But the Bengal Code, notwithstanding the reductions effected by various repealing enactments, still contains several Regulations which are wholly obsolete or practically useless, and many others which embrace provisions so far modified as to be virtually superseded by later enactments, as well as numerous references to abolished courts and offices, or expired customs and usages, all of which needlessly swell the bulk of the existing law.

The object of this Bill is to get rid of all such useless matter by express repeal, and thus clear the way for the consolidation of such of the remaining operative Regulations or parts thereof as are capable of being re-enacted in an abridged form.

F. R. COCKERELL.

SIMLA;
The 20th July 1870.

WHITLEY STOKES,
Secy. to the Council of the Govr. Genl. for making Laws and Regulations.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 2nd August 1870, and was referred to a Select Committee with instructions to make their report thereon in a fortnight:—

No. 18 OF 1870.

A Bill to confirm certain laws affecting European British subjects.

Preamble.

WHEREAS the Governors of the Presidencies of Fort St. George and Bombay in Council, and the Lieutenant-Governor of Bengal in Council, have severally passed divers Acts purporting to apply generally to all persons within the local extent of the said Acts; and whereas doubts have been raised as to the validity of such Acts in so far as they affect to render European British subjects liable to be convicted and punished by tribunals other than the High Courts of Judicature at Fort William, Madras and Bombay: For the purpose of removing such doubts it is hereby enacted as follows:—

Confirmation of local Acts so far as regards European British subjects.

1. Every such Act shall, so far as regards the liability of European British subjects to be convicted and punished thereunder, be and be deemed to have been as valid as if it had been passed by the Governor General of India in Council at a meeting for the purpose of making Laws and Regulations.

Saving of limits of Magistrates' ordinary jurisdiction.

2. Nothing in this Act shall be taken to authorize a Magistrate to exceed the limits of his ordinary jurisdiction as to the amount of punishment which he may inflict, or to confer jurisdiction on any Magistrate not being a Justice of the Peace.

Indemnity-clause.

3. All Magistrates and other persons are hereby indemnified for anything done before the passing of this Act which might lawfully have been done if this Act had been then in force; and no suit or other proceeding shall be maintained against any such Magistrate or other person in respect of anything so done.

STATEMENT OF OBJECTS AND REASONS.

THE High Court at Bombay has recently decided that it has exclusive criminal jurisdiction over European British subjects, and that the local legislature has no power to make laws affecting that jurisdiction.

Assuming this decision to be correct, it follows that the local Municipal, Police, and Prison Acts are, so far as regards European British subjects, null and void, and that the only possible mode of punishing these persons for a breach of any such Act is by indictment in the High Court.

This being obviously inexpedient, the present Bill confirms all such local Acts, so far as regards the liability of European British subjects to be convicted and punished thereunder. It also saves the limits of the Magistrates' ordinary jurisdiction, and indemnifies Magistrates for their action heretofore.

STATEMENT OF OBJECTS AND REASONS.

IT is an essential part of the scheme for effecting a complete consolidation of the existing enactments that all inoperative provisions and unnecessary matter therein contained should first be expunged.

This has already been accomplished as regards the Acts of the Governor General in Council, extending from the year 1834 up to the present time, by Acts VIII. of 1868 and XIV. of 1870.

The sifting process has likewise been applied more or less effectively by the local Legislatures to the Regulations of the Madras and Bombay Codes, and they have now been reduced to very moderate proportions.

But the Bengal Code, notwithstanding the reductions effected by various repealing enactments, still contains several Regulations which are wholly obsolete or practically useless, and many others which embrace provisions so far modified as to be virtually superseded by later enactments, as well as numerous references to abolished courts and offices, or expired customs and usages, all of which needlessly swell the bulk of the existing law.

The object of this Bill is to get rid of all such useless matter by express repeal, and thus clear the way for the consolidation of such of the remaining operative Regulations or parts thereof as are capable of being re-enacted in an abridged form.

WHITLEY STOKES,
Secy. to the Council of the Govr. Genl. for making Laws and Regulations.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 2nd August 1870, and was referred to a Select Committee with instructions to make their report thereon in a fortnight:—

No. 18 OF 1870.

A Bill to confirm certain laws affecting European British subjects.

Preamble.

WHEREAS the Governors of the Presidencies of Fort St. George and Bombay in Council, and the Lieutenant-Governor of Bengal in Council, have severally passed divers Acts purporting to apply generally to all persons within the local extent of the said Acts; and whereas doubts have been raised as to the validity of such Acts in so far as they affect to render European British subjects liable to be convicted and punished by tribunals other than the High Courts of Judicature at Fort William, Madras and Bombay: For the purpose of removing such doubts it is hereby enacted as follows:—

Confirmation of local Acts so far as regards European British subjects.

1. Every such Act shall, so far as regards the liability of European British subjects to be convicted and punished thereunder, be and be deemed to have been as valid as if it had been passed by the Governor General of India in Council at a meeting for the purpose of making Laws and Regulations.

Saving of limits of Magistrates' ordinary jurisdiction.

2. Nothing in this Act shall be taken to authorize a Magistrate to exceed the limits of his ordinary jurisdiction as to the amount of punishment which he may inflict, or to confer jurisdiction on any Magistrate not being a Justice of the Peace.

Indemnity-clause.

3. All Magistrates and other persons are hereby indemnified for anything done before the passing of this Act which might lawfully have been done if this Act had been then in force; and no suit or other proceeding shall be maintained against any such Magistrate or other person in respect of anything so done.

STATEMENT OF OBJECTS AND REASONS.

THE High Court at Bombay has recently decided that it has exclusive criminal jurisdiction over European British subjects, and that the local legislature has no power to make laws affecting that jurisdiction.

Assuming this decision to be correct, it follows that the local Municipal, Police, and Prison Acts are, so far as regards European British subjects, null and void, and that the only possible mode of punishing these persons for a breach of any such Act is by indictment in the High Court.

This being obviously inexpedient, the present Bill confirms all such local Acts, so far as regards the liability of European British subjects to be convicted and punished thereunder. It also saves the limits of the Magistrates' ordinary jurisdiction, and indemnifies Magistrates for their action heretofore.

appeal shall lie from his decision but such certificate shall not take effect until the applicant has taken the oath of allegiance.

An alien to whom a certificate of naturalization is granted shall in the United Kingdom be entitled to all political and other rights, powers, and privileges, and be subject to all obligations to which a natural-born British subject is entitled or subject in the United Kingdom, with this qualification, that he shall not, when within the limits of the foreign state of which he was a subject previously to obtaining his certificate of naturalization, be deemed to be a British subject unless he has ceased to be a subject of that State in pursuance of the laws thereof, or in pursuance of a treaty to that effect.

The said Secretary of State shall have the same discretion as to the giving or withholding of the certificate as in the case of a certificate of naturalization, and an oath of allegiance shall, in like manner, be required previously to the issuing of the certificate.

A statutory alien to whom a certificate of re-admission to British nationality has been granted shall, from the date of the certificate of re-admission, but not in respect of any previous transaction, resume his position as a British subject; with this qualification, that within the limits of the foreign state of which he became a subject he shall not be deemed to be a British subject unless he has ceased to be a subject of that foreign state according to the laws thereof, or in pursuance of a treaty to that effect.

LXV. LXVI. If on the preparation of the estimate of any year, it shall appear that the estimated income of the commissioners for such year, after deducting therefrom the estimated expenditure of such year to be incurred under this Act, will be insufficient for the payment of the sums which under the provisions of this Act will be payable during such year to the Secretary of State for India in Council, or if at any time in the course of a year it may appear that the actual income of such portion of the year as may have then elapsed and the estimated income of the residue of such year, after deducting therefrom the actual expenditure of such past portion and the estimated expenditure of such residue, will be so insufficient, then and in every such case, the commissioners shall upon the requisition in writing of the Lieutenant-Governor of Bengal, from time to time and to the extent requisite in every case, charge upon all goods landed from or shipped into any vessel lying or being within the limits of the port, whether such goods shall or shall not be so landed or shipped at any wharf, quay, stage, jetty, or pier belonging to the commissioners, such tolls, dues, rates, and charges, in addition to or other than those prescribed by any scale of tolls, dues, rates, and charges for the time being in force under the provisions of Section LXV, as will when added to the said income of the year, suffice, as nearly as may be, for the payment of the said sums in full. Such tolls, dues, rates, and charges shall be fixed and adopted by a resolution of the commissioners at a meeting and shall be submitted to the Lieutenant-Governor of Bengal, and if the same shall be approved by him shall be published in the *Calcutta Gazette* and shall forthwith come into operation and remain in operation until altered or revoked by the commissioners at a meeting with the sanction of the Lieutenant-Governor of Bengal, and shall be leviable and recoverable in like manner as any other tolls, dues, rates, and charges payable under this Act.

On failure of commissioners Lieutenant-Governor may impose such rates.

LXVII. In case the commissioners shall for fifteen days after the receipt by them of any such requisition from the Lieutenant-Governor of Bengal as in Section LXVI is mentioned, neglect or refuse to charge such tolls, dues, rates, and charges, it shall be lawful for the Lieutenant-Governor of Bengal by an order published in the *Calcutta Gazette* to charge such tolls, dues, rates, and charges, and the tolls, dues, rates, and charges, mentioned in such order shall have such and the same effect as if they had been fixed and adopted by the commissioners at a meeting and approved by the Lieutenant-Governor and published in the *Calcutta Gazette* as in Section LXVI is mentioned.

Recovery of tolls in arrear.

LXVIII. For the amount of all tolls, charges, dues, and rates duly leviable under this Act in respect of any goods, the commissioners shall have a lien on such goods and shall be entitled to seize and detain the same until such tolls, rates, and dues are fully paid. Tolls, rates, and dues in respect of goods to be landed shall become payable immediately on the landing of the goods. Tolls, rates, and dues in respect of goods to be removed from the premises of the commissioners or to be shipped for export, shall be payable before the goods are removed or shipped. The lien for such tolls, rates, and dues shall have priority over all other liens and claims, except for general average, for the ship-owner's lien for freight upon the said goods where such lien exists and has been preserved in the manner hereinafter provided, for primage, and for money payable to Her Majesty or the Secretary of State for India in Council under any law for the time being in force. Provided that nothing in this Act shall affect any power or authority vested in the chief officer of customs under any law for the time being in force.

Goods may be removed to public warehouses.

LXIX. In any case in which goods, without any default on the part of the commissioners, shall have been left for two days on or in any wharf or shed belonging to the commissioners, it shall be lawful for the commissioners to remove such goods, or cause the same to be removed either to any warehouse belonging to them, or with the consent of the chief officer of customs, to the public warehouses, and the removal to and detention in any such warehouse shall be at the risk and expense of the owners of the said goods,

Whenever any goods shall be so removed the commissioners shall give notice to the consignee or owner of such goods of such removal, if his address be known, by letter sent by post to such address or left thereat, and shall also publish in the *Calcutta Gazette* notice of such removal and shall specify therein the numbers, marks, and descriptions of such goods so far as the same appear, and the consignee or owner of such goods, in addition to the expenses of the removal of the same, shall be liable, in case the goods shall be removed to any warehouse or store of the commissioners, to a charge for warehousing for the time during which the goods shall remain in the said warehouse. In case the said goods shall be removed to the public warehouses, then the said consignee or owner shall be liable to the charges for warehousing goods in such public warehouses, and the said goods shall remain subject to all liens to which they would have been liable if they had remained in the possession of the commissioners, and to the power of sale hereinafter given.

Lien for freight preserved after landing of goods if notice of lien be given.

LXX. If the master or owner of any vessel or his agent, at or before the time of landing from such vessel any goods at any wharf, quay, stage, jetty, or pier erected under this Act, shall give to the commissioners notice in writing that such goods are to remain subject to a lien for freight or other charges payable to the ship-owner to an amount to be mentioned in such notice, such goods shall continue liable to the same lien, if any, for such charges as they were subject to before the landing thereof. Such goods shall be retained either in the warehouses and sheds of the commissioners, or, with the consent of the chief officer of customs, in the public warehouses, at the risk and expense of the owners of the said goods, until the lien is discharged as hereinafter mentioned.

Discharge of lien by payment or release.

LXXI. Upon the production to the officer of the commissioners in that behalf of a document purporting to be a receipt for the amount claimed as due, or a release of freight from the person by or on whose behalf such notice shall have been given, it shall be lawful for the commissioners to permit such goods to be removed without regard to such lien, provided they shall have used reasonable care in respect to the authenticity of such document.

If tolls not paid, or the lien for freight is not discharged, goods may be sold after the expiration of two months.

LXXII. If the tolls, rates, and dues payable to the commissioners in respect of any goods under this Act, are not paid, or if the lien of the ship-owner for freight where such notice as aforesaid has been given is not discharged, the commissioners may, and in the latter event if required by or on behalf of the person claiming such lien for freight, shall, at the expiration of two months from the time when the goods were placed in their custody, or if the goods are of a perishable nature at such earlier period, being not less than twenty-four hours after the landing of the goods, as they shall think fit, sell by public auction the said goods, or so much as may be necessary to satisfy the amounts hereinafter directed to be paid out of the produce of such sale. Before making such sale, ten days' notice of the same shall be given by publication thereof in the *Calcutta Gazette*, unless the goods are of so perishable a nature as in the opinion of the officer of the commissioners in that behalf to render immediate sale necessary or advisable, in which event such notice shall be given as the urgency of the case admits of. Circular Order by the High Court of Judicature at Fort William in Bengal.

From J. S. CARSTAIRS, ESQ., Officiating Registrar of the High Court of Judicature at Fort William in Bengal, to all Civil Judges and Judicial Commissioners,—(No. 6, dated Calcutta, the 3rd August 1870.)

(CIVIL SIDE.)

THE attention of Judges of all grades is called to the orders of the Government of India in the Financial Department, contained in the Circular No. 1547, dated 30th June 1870, which is reprinted on the margin.

"Whenever there are two routes available for transmission of official correspondence between any two Indian Post Offices, *ie.*, one by mail steamer and the other by island post, it should be borne in mind that ordinarily, unless the despatches are marked for transmission by the mail steamers, they will be liable to be sent by the inland post. The despatching office should, however, use its discretion in marking them, inasmuch as the Indian Post Office Department having to pay over to the London Post Office the sea postage on covers sent by British Mail Steamers, an actual extra charge is involved in sending letters by that route. When letters are so marked, the steam postage should be prepaid."

From J. S. CARSTAIRS, ESQ., Officiating Registrar, High Court, to all Sessions Judges,—(No. 10, dated Calcutta, the 12th July 1870.)

(CRIMINAL SIDE.)

The 4th and 5th Clauses of the Circular Order No. 5, dated 12th July 1867, are hereby rescinded, and in lieu thereof the following rules are prescribed:—

So long as the existing stock of statements, No. 3 and No. 4 may last, returns in those forms shall continue to be submitted by the Courts of Session. But instead of the abstract or description of each case required by the above-mentioned clauses to be written on the reverse side, the Judges will submit only such remarks (if any) as they may consider necessary in each case.

Provided, however, that the Judges shall always state on the back of such form the grounds on which any person punishable with death has been sentenced to any punishment other than death (Section 380, Code of Criminal Procedure).

And the court desire that Sessions Judges will state in the same place the reasons which have prompted a specially light or specially severe sentence in any particular case; and also the reasons of any difference of opinion between the Judge and the Assessors or Jury.

When the stock of these forms has been exhausted, the Judges will submit, instead of statements Nos. 3 and 4, a new statement No. 3 in the accompanying form, in which the case of every accused person awaiting trial at the commencement of the Sessions shall be entered.

The column headed verdict, &c., shall contain a statement whether the accused was tried with a Jury or Assessors, and the verdict or opinion, specifying whether such verdict or opinion was unanimous, or, if not, the particulars of such difference.

When the accused person has been acquitted, the Judge shall specify in the column of remarks when he considers the Magistrate to have committed without sufficient grounds.

From J. S. CARSTAIRS, ESQ., Officiating Registrar, High Court, to all Criminal Authorities in the Lower and Extra Registration Provinces,—(No. 11, dated Calcutta, the 4th August 1870.)

The Court's Circular Order No. 15, dated 13th June 1870, is hereby cancelled, as the new forms of returns therein referred to have not yet been completed.

2. The quarterly statement of criminal business for the 2nd quarter 1870 are to be submitted in the old forms.

From J. S. CARSTAIRS, ESQ., Officiating Registrar of the High Court, to all Sessions Judges, Lower Provinces,—(No. 12, dated Calcutta, the 4th August 1870.)

As it appears that much diversity of practice exists in respect of filling up the return of "Other Applications" in Session Statement No. 1, the following general rule on that head is to be observed:—

Only substantive applications to the Court, in which the Court is asked to make some order, are to be included, but not mere "Urzees" by way of return to an order, summons, or process, as from persons summoned as Jurors or Assessors, nor communications from Ministerial Officers, nor (as reported to the Court in one instance) written applications from the Government Pleader when he appears to conduct the trial in Sessions cases. Such applications are quite unnecessary, as it needs only to be noted in the proceedings that " appeared on the part of Government as prosecutor."

Applications for authenticated copies of documents, not being applications under Section 440, Code of Criminal Procedure, are to be included.

RULES of the High Court of Judicature at Fort William in Bengal relating to the admission of Appeals to Her Majesty in Council, and to the transmission of such Appeals to England.

I.—EVERY petition for the admission of an appeal, under Section 39 of the Letters Patent, shall contain, amongst other things, an application for a certificate either that the—

(1) Value of the sum, or matter at issue, or of the property to which the claim or question relates, is not less than Rs. 10,000.

(2) Or that the case is a fit one for appeal.

Upon such petition and application being made, notice will be served on the opposite party to show cause, within the time specified in the notice, why such certificate should not be granted; and any vakeel who appeared for such opposite party in the High Court shall be bound to accept service of such notice; and such service shall be binding on the client.

If such certificate be not granted, the petition will be dismissed.

II.—With the petition, or within six months from the date of the decision appealed against, the appellant shall furnish security for the costs of the respondent, to the extent, in ordinary cases, of Rs. 4,000; such security may consist either of cash or Government Securities, or of immoveable property; or the appellant, if the appeal be against a judgment passed in Original Jurisdiction, may enter into a recognizance with two sureties to be approved by the Registrar.

When the security offered consists of immoveable property, the appellant shall file a mortgage bond duly registered, together with a specification of the surety's title.

When such bond has been filed, the Court shall direct the security to be tested either by the Registrar, or by the Judge of the zillah court in which the immoveable property pledged is situated. If the security be found insufficient, the appellant shall be bound, within six weeks from the date of an order to that effect, to deposit cash or Government Securities to the extent of Rs. 4,000, or to such amount as may raise the value of such security to Rs. 4,000.

But in any special case, the Court may, if it think fit, on the application of the respondent, require security to a larger amount; in no case, however, exceeding Rs. 10,000.

III.—It shall be competent to the Court at any time before the admission of the appeal, upon cause shown, to revoke the acceptance of any security, and to make further directions thereon.

IV.—With his petition for the admission of the appeal, the appellant shall deposit the sum necessary to defray the cost of translating, transcribing, (or printing,) and transmitting the record. Such sum shall be,—in respect of appeals from the Appellate side of the Court,—either Rs. 2,000, or the sum certified by the Clerk of Privy Council Appeals as the probable cost of such transcript, and so forth, the estimate of such cost being prepared as directed in Rule XII; and in respect of appeals from Original Jurisdiction, Rs. 500 when the record is not to be printed, or Rs. 700 when it is to be printed here.

V.—When the security has been approved and the deposit made for transcript, &c., under Rule IV, the Court may declare the appeal admitted; but if the petitioner shall not perfect his security and make such deposit within such time as the Court may direct, his petition shall be dismissed.

VI.—After the lodging of the petition, or on the application of any party intending to appeal to Her Majesty in Council accompanied by a fee of Rs. 16, the clerk of Privy Council Appeals shall forthwith prepare an estimate of the expense of translating, transcribing, or printing, and forwarding to the Registrar of the Privy Council the record of the case, including a margin of Rs. 500, and shall furnish such estimate to the vakeel or attorney of the appellant or applicant who shall be bound to pay into Court, within one month from receipt of such estimate, the difference between the amount thereof and the amount already deposited, if any: provided that the appellant, within two weeks after his making payment, shall be at liberty to object to the estimate, and to obtain the order of the Court on such objection.

VII.—The application for estimate shall state whether or not the transcript is to be printed in India.

VIII.—Ordinarily the whole record shall be transcribed with the following exceptions:—

First.—Such formal documents as are directed by Clause 2 of Her Majesty's Order in Council, dated 13th June 1853, to be excluded, and whereof the omission is to be certified in the second index.

Second.—Such papers as the parties may agree to omit.

Third.—Such accounts or portions of accounts as the Registrar or other Officer empowered for that purpose may consider unnecessary, and as the parties may not have specifically prayed to include by application to the proper Officer within one month from the filing of the petition in respect of the appellant, and from receipt of notice in respect of the respondent. Provided that neither of the parties shall be at liberty to apply for the inclusion of any account or part of an account which has not been marked or endorsed as an exhibit under the 39th or 132nd Sections of the Code of Civil Procedure, unless with the special leave of the Court on motion made for that purpose. Provided also, that if any party shall apply to have included in the transcript record any accounts or documents which the Registrar or other Officer may consider unnecessary, such document shall be translated and transcribed as an appendix to the trancript with a note of the circumstance.

IX.—All documents which are not originally in the English language, and which have not been translated for the use of the Court, shall be translated into English, and all translations made or used shall be revised and certified by the Sworn Examiner.

X.—An index of all the documents included in the transcript shall be prepared and annexed to the record in the form now in use, and shall be followed by a list of all other papers, documents, and exhibits in the cause not included in the transcript: the draft of this index, instead of a vernacular list of papers (as hitherto supplied), shall be furnished to the parties, who shall be at liberty to object thereto within three weeks from date of receipt.

In the index and transcript, the papers shall be placed in the follow order:—

Plaint.

Written statements.
